# TERM 2 - 2021 COMPETE

RUN  LAB

FACT SHEET - TERM 2 2021

# Welcome to TERM 2 2021 FACT SHEET

A MESSAGE FROM VLAD SHATROV, Runlab Founder.

Welcome and welcome back! At Runlab, we strive to be the leading run training group and resource for runners. We operate as a Covid safe business, your health is a priority for us and all sessions are run with any NSW Health recommendations implemented.

One of the major events of many of our runners is UTA which comes at the end of week 4 in the Term. Over 70 Runlabbers will be running the ultramarathon in Australia's largest Trail running festival - Go Team!

COMPETING will be our mental strength development focus this term, to help best mentally prepare you for the year ahead. Complemented by our core offering our run sessions and the crucial addition of Nutritional guidance by our partner Compeat Nutrition, you have made the right choice to come and train with us for maximum results.

***Consistency is key for improved running. And so are quality running and strength sessions with added drills to improve form, we will bring this to you over the 10 weeks of Term 2.***

A question I hear others mention very frequently is this "Is Runlab only for ELITE runners"? I can honestly tell you: NO, it isn't. What it does require however is that you want to improve and are willing (with our assistance) to give that a shot.

**Term starts Monday 19th April.**

In this Fact Sheet returning runners will get a summary of session changes and key updates.

New runners will get a summary of all the important things that you should be aware of before the Term kicks off.

In this fact sheet, follow the interactive links to our website for further details.

# Welcome to Term 2 2021 FACT SHEET (Continued)

## How many sessions should I do with Runlab a Week?

Well that's partly determined by how many groups are in your region, and this is something we are looking to increase all the time. It also depends on your running history and your running goals. But on average most runners training for events train 6+ times a week and many do more than that.

This would be a combination of shorter easier runs, possible gym strength work and a weekly longer run usually on the Weekend. An Ideal mix would likely include two targeted run sessions and a Strength sessions every week in addition to your other training.

We offer flexible pricing per session which adjusts downwards if you do more than 1 session/week

**Flexibility! IF you miss your weekly session YOU can swap to another group or make it up the following week, no worries!**

We do this to allow for as many runners as possible to come together and run against each other in a friendly competitive environment. It also allows runners to meet runners from around other areas

Dates are communicated within weeks 1-5 of the Term so that you have time to be organised for that week.

Thanks to our valued partners we have an allocation of prizes awarded in the Term ending super session. The value of these packs is significant and can range up to over \$300 in value.
